

About This Program

Scott DeBoer, RN, MSN, CPEN, CEN, CCRN, CFRN, EMT-P is an international seminar leader and nurse consultant with over 20 years of nursing experience. He is a flight nurse for the University of Chicago Hospitals (UCAN) and also works PRN for emergency departments in both Illinois and Indiana. In 1996, Scott founded Peds-R-Us Medical Education, a seminar company which is dedicated to pediatric emergency education and training.

Scott has taken his extensive peds experiences and created this 1-day fast paced pediatric emergency nursing review program. The initial assessment and management of "sick or not sick" children will be simplified in this entertaining and highly interactive seminar. Scott's ability to take complex information and present it in a non-threatening way will help to make understanding difficult concepts simple. Having been called the "Jim Carrey" of the nursing world, Scott's seminars are not only fun, but will make it easier to remember peds emergency priorities. This program was designed for those nurses that wish to review essential material for pediatric emergency care and/or want to prepare to take and pass the CPEN Examination.

Credit Hours

This continuing education activity is approved for 8.0 hours by the Emergency Nurses Association, an accredited approver of nursing education by the American Nurses Credentialing Center's Commission on Accreditation. This activity is also approved for 8.0 hours for Paramedics by the Illinois Department of Public Health, Division of EMS

CPEN Exam Note: Emergency nurses who provide urgent and emergent nursing care to pediatric patients and their families will want to validate their skills and expertise by sitting for this examination. The exam was developed by the Board of Certification for Emergency Nursing (BCEN®) and the Pediatric Nursing Certification Board (PNCB®). Earning the CPEN credential demonstrates extensive knowledge and experience related to pediatric emergency nursing care. Examinations are delivered by computer at over 170 AMP Assessment Centers geographically located throughout the United States. For specific questions related to the CPEN Exam go to: <http://www.ena.org/bcen/certified/About/CPEN/Pages/default.aspx>

****This CPEN 1-Day Crash seminar will provide an excellent review for emergency nurses that wish to challenge and pass the CPEN examination.
